

RC PRINT SQUEEGEE

Product Code, PTP255

Specially designed to remove surplus water from both sides of prints made on resin coated paper for rapid and even drying.

The long soft rubber blades ensure that the surface of the prints are not damaged.

Suitable for prints up to 16x12" (40.6x50.8cm)

Ideal for use in conjunction with the Paterson Print Drying Rack. (PTP258)
